1 grass field for the students to play on for at least four years. Students in P.E. classes play their
2 games on a cement area where people are walking and classes held in bungalows are in session. I
3 have even seen students trying to play soccer next to the only small patch of grass in the school
4 under a tree. I have gone in many classes that are dirty, run down, and really just feel depressing.
5 I think it is extremely important for the students to have a positive, clean, and upbeat school
6 environment, and I know there are schools, like Southgate, where the campus is clean and bright.
7 There is grass, the walls are painted, and it feels how a school should feel. Gage just isn't like
8 that and it makes me mad.
