

1 5. Temperature also is an ongoing problem at Bryant. My classroom is cold but other
2 classrooms are extremely warm. In my class, approximately a third of the children wore jackets
3 inside even as late in the year as March.

4 I declare under penalty of perjury under the laws of the State of California that the foregoing
5 is true and correct. Executed on May 30, 2000 at San Francisco, California.
