DECLARATION OF RICHARD RAMIREZ

I, Richard Ramirez, hereby declare:

1. I am one of the plaintiffs in this action. I make this declaration based upon my own personal knowledge and, if called as a witness, I could and would testify competently thereto.
2. I am eight years old, and I am in the third grade at Bryant Elementary School.
3. It gets really hot in class a lot of the time. It is even worse in the classrooms downstairs because there are no windows. When it gets hot, a lot of times I feel sleepy.
4. There is no water fountain downstairs where my classroom is. I don't like to drink the water from the other fountains because it's hot and it tastes bad. I bring bottled water to school instead.
5. The food in the cafeteria is cold and a lot of times it is spoiled. I get stomach aches from the lunches at school.
6. The milk at lunch is warm and tastes bad. I think it might be spoiled sometimes.
7. It gets really loud in class sometimes. The rooms don't have real walls separating them so you can hear the kids in the room next door. It is hard to concentrate when it gets that loud. It can be hard to hear my teacher.
8. I don't like to use the bathroom at school. The toilets clog up and overflow a lot, and they usually are not fixed on the same day.

I declare under penalty of perjury of the laws of the State of California that the foregoing is true and correct. Executed by me this 3 day of May, 2000 at San Francisco, California.
