

1 so hot.

2 8. The bathrooms at Jefferson are a real mess. First of all, there are not enough
3 bathrooms. Jefferson is a very big school, but there are only four bathrooms for girls and two of
4 them are locked. We have about 12 working toilets for girls. The bathrooms are disgusting.
5 They smell really bad. A lot of the time toilets are stopped up and overflowing. There is water
6 and paper on the floors and graffiti on the walls. I try not to use the bathrooms, even though it is
7 difficult sometimes.

8 9. Jefferson is a year-round multi-track school. The students are divided into three
9 tracks, two of which are in school at one time while a third is on break. There are lots of
10 problems with the tracks. Some students will take the first year of a subject, like a foreign
11 language, and then find that the second year of that language is not available on their track. The
12 tracks also are not aligned with the traditional test schedules. I had to take an AP test long before
13 I had finished the class. AP tests are difficult enough without having to take them before you
14 have learned the material.

15 I swear under penalty of perjury of the laws of the State of California and the United
16 States that the foregoing is true and correct. Executed by me this 25 day of April, 2001 in Los
17 Angeles, California
